Reflective Supervision/Consultation

Eligible providers for AAIMH WA Endorsement® (June 2023)

Reflective Supervision supports practitioners in providing best-practice, high-quality care to infants, young children and their families.

Reflective supervision is a key component of infant mental health practice and a requirement to receive AAIMH WA Endorsement® in the following categories:

- Infant Family Practitioner
- Infant Mental Health Practitioner
- Infant Mental Health Mentor - Clinical

Below is the list of professionals who are eligible to provide RS/C for the purposes of obtaining Infant Mental Health Endorsement in Western Australia. This list is updated as more professionals meet the AAIMH WA criteria.

Do you provide reflective supervision, and are you interested in being authorised to provide IMH supervision to meet the requirements of AAIMH WA Endorsement®? Please contact endorsementwa@aaimh.org.au

See <https://www.aaimh.org.au/branches/wa/endorsement/reflective-supervision/> for further information about IMH reflective supervision.
