Learning Outcomes:
- Learn the history and rationale of development of diagnostic classification systems of mental health disorders for infants and young children.
- Understand infant and early childhood mental health (IECMH) and how DC:0-5™ reflects the key elements of IECMH
- Learn the DC:0-5™ approach toward diagnosing infants and young children.
- Become familiar with the DC:0-5™ multiaxial approach and clinical disorders.
- Examine the relationship between DC:0-5™ and other leading diagnostic systems (DSM-5, ICD-10)

Registration details:
- Registrations and payment will be accepted through Dramatix https://www.dramatix.com.au/
- Please make sure that you register for the WA event (not the SA event)
- Registrations close 5pm Monday 24th September 2018
